Richard B. Adams M. D.
% Oregon State Medical Society
Medical-Dental Bldg., Portland, Oregon

Dear Dr. Adams:

I am indeed sorry that the work and confusion that the transfering of ones office from one city to another entails, caused me to neglect as it would appear my duties in relation to the Committee on Medical Economics and fail to advise you of my reactions to the proposals and plans with which you have furnished me a copy.

I have read them over carefully and made notation on several questions. I however, feel that the only way to handle the matter is to have the Committee meet and take up each question individually and discuss it from every angle and adopt the decision of the majority as our recommendation on the question.

To do this, will require many hours of work and I believe that we at the next meeting of the Council, should go into session in the early afternoon and work on into the night until we have thrashed out a majority of the questions that will arise.

I am greatly impressed with the idea of a non profit organization as outlined in #5 and do not believe that we should allow any mutual organization now existing to continue to function under the wing as it were of the State Organization.

Yours,

(Signed) O. C. Hagmeier M. D.

Dr. E. D. Lamb
Klamath Falls, Oregon

Dear Dr. Lamb:

At its June meeting, the Council voted that a committee be appointed to study the problems of contract practice in all local communities in which such problems exist and to make a report to the Council containing specific recommendations to guide the State Medical Society and the component medical societies, this report to be submitted not later than October 1st.

I have appointed you chairman of this committee, the complete personnell of which is as follows:

E. D. Lamb, Klamath Falls
Chairman

O. C. Hagmeier, Astoria
Thompson Coberth, The Dalles
Richard B. Adams, Portland

Dean P. Crowell, North Bend
W. W. Baum, Salem
George E. Henton, Portland
J. C. Hayes, Medford

As the work of this committee will undoubtedly be the most important undertaken during the current year, I earnestly urge that you accept this appointment. Your knowledge and interest in the problems of contract practice will be of great assistance to the committee.

Very sincerely yours,

OREGON STATE MEDICAL SOCIETY

MEDFORD, OREGON

November 10, 1938

Dr. Morris L. Bridgeman, Secretary
The Oregon State Medical Society
Portland, Oregon

Dear Doctor:

As you have no doubt been advised, the Jackson County Medical Society has granted their approval to the association. We now seek approval of the Council, and membership in the Bureau of Medical Economics.

To this end we have requested Dr. James C. Hayes to represent this association at the meeting to be held in Portland on November 12. In addition to being a member of the Council, Dr. Hayes is a past president of this association, and is more familiar with the Jackson County situation than any other individual.

In closing we will again affirm the willingness of this association and its stockholders to cooperate to the fullest extent in the Council's efforts to coordinate the various "ethical" associations.

Very truly yours,

SOUTHERN OREGON MEDICAL SERVICE ASSOCIATION

(Signed) R. E. GREEN

Plaintiff's Exhibit 2036

9619 July 6, 1939

Dr. De Walt Payne, Secretary
Mid-Columbia Medical Society
U.S. National Bank Building
The Dalles, Oregon

Dear Dr. Payne:

In a letter, recently received, you reported that the Mid-Columbia Medical Society, on June 5, 1939, adopted the following resolutions:

"Whereas, the employers, employees and doctors of these communities, feeling the need for the substitution of the present lay hospital contracts by physician controlled organizations, and,

Whereas, last November this Society was of the opinion that if would be preferable to invite a group, such as the Multnomah Medical Service Bureau to cover our communities rather than to form a hospital association of our own, and,

Whereas, certain employers have been advised to hold up contracts with the expectation that some plan would be worked out with the approval of the State Medical Society, as a substitute for the lay-owned hospital association,

Therefore, now be it resolved, that the governing body of the State Medical Society be urged to expedite their decision as to the status of the Multnomah Medical Service Bureau so that the Mid-Columbia Medical Society may proceed immediately with an approved contract."

This resolution was presented to the Council of the Oregon State Medical Society at its meeting on July 1, 1939.

The Multnomah County Medical Society, on June 7, 1939, approved the Multnomah Medical Service Bureau as an agency to provide medical care to low-wage industrial groups in Multnomah County. In accordance with this action of the Multnomah County Medical Society, the Council of the Oregon State Medical Society, on July 1, 1939, approved the Multnomah Medical Service Bureau for affili-

ation with the Bureau of Medical Economics of the Oregon State Medical Society.

The Statement of Policy and Program for the Medical Care of Low-Wage Industrial Groups, adopted by the House of Delegates on August 25, 1938, provides, in part, as follows:

9620 "That the principle be established that each local organization shall limit its activities to the territory embraced within the jurisdiction of the local society by which it is approved; provided, however, that upon request of a neighboring local society, or the physicians of a neighboring county, the Council may authorize the extension of the activities of a local organization to such additional territory. The activities of the local organization in such additional territory shall be subject to the supervision of a committee representing the local society."

In accordance with this provision of the policy and program adopted by the House of Delegates, the Council of the Oregon State Medical Society, on July 1, 1939, voted to grant the request of the Mid-Columbia Medical Society, as indicated in its resolution of June 5, 1939; namely, that the Multnomah Medical Service Bureau be granted permission to enter into contracts to provide medical care to low-wage industrial groups in the counties within the jurisdiction of the Mid-Columbia Medical Society.

Attention is called to that part of the policy and program adopted by the House of Delegates, previously quoted, which provides that when the Council authorizes the extension of the activities of a local organization providing medical care to low-wage industrial groups to neighboring territory within the jurisdiction of another component society, the activities of the local organization in such territory, shall be subject to the supervision of a committee representing the local society. In accordance with this provision, the Mid-Columbia Medical Society should promptly select a committee to supervise the activities of the Multnomah Medical Service Bureau in the territory under the jurisdiction of the Mid-Columbia Medical Society.

We are enclosing a copy of the Statement of Policy and Program adopted by the House of Delegates, to which the officers and the supervisory committee of your society may wish to refer from time to time, and trust that they will feel free to call upon the Council and the Bureau of Medi-

cal Economics in connection with any problems that may confront them in providing medical care to low-wage industrial groups.

Very sincerely yours,

OREGON STATE MEDICAL SOCIETY

Dr. Joseph P. Brennan
Pendleton, Oregon

Dear Dr. Brennan:

Answering your letter of February 11th, we are enclosing a copy of Recommended Policies and Procedures for Providing Medical Care to Low-Wage Industrial Groups, in which you will find complete information concerning the Society's policies on this subject.

The following local medical service bureaus have been approved by the Council and are affiliated with the Bureau of Medical Economics:

Eugene:
Eugene Hospital and Clinic
Pacific Hospital Association
These bureaus serve Lane County.

Klamath Falls:
Klamath Medical Service Bureau
This bureau serves Klamath County.

La Grande:
Union County Medical Service Bureau
This bureau serves Union County.

Marshfield:
Coos Bay Hospital Association
This bureau serves Coos County and a part of Douglas County on the Coast.

Medford:
Southern Oregon Medical Service Association
This bureau serves Jackson County.

Oregon City:
Association of Clackamas County Physicians
This bureau serves Clackamas County.

Portland:
Multnomah Medical Service Bureau
This bureau serves Multnomah, Washington, Columbia, Hood River, and Wasco Counties.

9624 Salem:
Physicians and Surgeons Hospital Association
This bureau serves Marion, Yamhill, and Linn Counties.

Tillamook:
Tillamook Hospital Association
This bureau serves Tillamook County.

The Multnomah Medical Service Bureau is operating under the approval of the Multnomah County Medical Society and the Oregon State Medical Society.

We are also enclosing an analysis of the new medical and hospital contracts of the National Hospital Association and a statement of policy concerning such contracts.

In view of the many problems confronting the medical profession of the state, we were pleased to learn that the Umatilla County Medical Society has been revived.

Very sincerely yours,

OREGON STATE MEDICAL SOCIETY

by .....
Executive Secretary

PENDLETON, OREGON

February 11, 1940.

Mr. Clyde Foley,
Medical Dental Building,
Portland, Ore.

My dear Clyde:—

Will you please let me know what organizations engaged in providing medical services are approved by the State society? Is the Multnomah Medical Service Bureau sponsered by the Society? What about the National Hospital Association? As you know they are now promoting a scheme of health insurance for families and I would like to know the attitude of the Society. This matter is coming up before the County Society meeting next Tuesday, and I would like to have a reply Tuesday. The Multnomah Medical Service Bureau informed Dr. McBee that all elective surgery was to be done in Portland and that all emergency surgery had to be approved before operation. Naturally we don't approve of this.

The Umatilla County Society is functioning. I am President, Dr. T. M. Barber is Secretary, and Dr. Frank Belt is Vice President.

Yours sincerely,
(Signed) Joe

Plaintiff's Exhibit 2038

9626 November 26, 1941

Mr. Clyde Foley
Executive Secretary Multnomah County Medical Society
Medical Dental Building
Portland, Oregon

Following our telephone conversation of yesterday, I discussed with the members of the Columbia County Medical Society the matter of family coverage contract through the medium of the Multnomah Medical Service Bureau for the Oregon Shipbuilding Company.

While we feel that we understand the problems that the matter presents to the Board of Directors and to the Multnomah County Medical Society, we also feel that the solu-

tion does not lie in the course which is apparently to be followed by the Board for the Multnomah Medical Service Bureau. In other words, we are one hundred percent against sanctioning any family coverage by the Multnomah Medical Service Bureau. It would be a matter of time only until this family coverage on a contract basis would be demanded by those plants now covered in our county—pointing to their own defense contracts and the precedence at the Oregon Shipbuilding Company—and once this type of contract was established would long survive the duration of the emergency.

We are also disinclined to believe that the machinery behind this contract has been operated in the best interests of the stockholders of the Multnomah Medical Service Bureau and of physicians at large.

Furthermore, the physicians of our County Society feel so keenly against such a move that unanimously they have expressed their opinion that our loyalty to the Multnomah Medical Service Bureau would be greatly endangered by acceptance of such a contract and by the principle and precedence it would establish.

Sincerely yours,

John C. Barton
Secretary of the Columbia County
Medical Society

Manager

9630 FOR
YOUR PROTECTION

FULL PROTECTION FOR YOUR SELF AND FOR YOUR FAMILY

Our Hospital Committee was appointed a year ago to investigate and organize if possible, a sound and workable plan for medical and hospital care that would provide in the same measure, not only the service we have carried in the past, but in addition, drugs and medicines and care of wife and children, as well as the coverage we carry for ourselves.

We are now able to report that a plan financially sound, with doctors to care for our members and for families has been worked out that we believe should be seriously considered by all members of Local 1090.

It covers, briefly, the following; any further information may be obtained from any of the members of the Hospital Committee.

1. Doctors who will be able to devote their entire services to you and your families and who will be selected for their reliability and by the Union.
2. Complete hospital care including all hospital expenses.
3. Drugs and medicines will be furnished.
4. If this plan is adopted, family treatments will be given at once on a limited basis.
5. Any profit gained from the operation of this Association will be put back in improvement of the service.
6. Visiting nurses in addition to those at the plant will be available.
7. The cost will be the same as you are paying now, except an additional charge which will be determined by the Union will be made for the family coverage.
8. All conditions will be treated, there will be no exclusions in the Contract, except conditions arising from the use of alcohols, liquors or drugs.

Copies of the Contract may be obtained from members of the Hospital Committee.

Gentlemen:

Enclosed find a copy of a contract the same to be used by the employer who has withdrew from the State Industrial Accident Commission and the Contractor better known as the Association. This contract is copied after that used by the Eugene Hospital and Clinic. This office would appreciate any and all information regarding the Northern Life Insurance Co. as these people are endevoring to get industries in this locality withdrawing from the S.I.A.C. to come under their insurance along with this type of a contract plus the regular contract as used by the Hospital Associations.

This office is moving rather slowly in regards to the above and do not wish to take any definite action until informed properly what the outcome may be. That is why I am asking for information in regards to this insurance proposition.

Please give this letter your immediate consideration and favor this office with an early reply. Also would like you to return the copy of the contract enclosed as it is the only one now on hand. Thank you.

Yours truly,

Medford, Oregon

August 21, 1940

Charles E. Hunt,
Oregon State Medical Society,
Eugene, Oregon.

Dear Dr. Hunt:

Please accept my resignation from the Oregon State Medical Society for two reasons:

1. I cant' afford the $20.

2. I can't afford to lose any patients by refusing to accept National Hospital Association tickets; therefore, I'd rather resign than get kicked out of the medical "Trade Union" and lose my $20. besides.

I hope some day that $20 will be only "chicken feed" to me and if by then the society has ceased to be a "trade union" and becomes a disinterested scientific society I'll join again. I hope you will not be offended by the foregoing remarks because I have nothing but the friendliest feel-

ing toward all the doctors I know whether they be members of the society or not.

Eugene, Oregon

Dear Dr. Shepard:

Your letter and application for membership in the Association addressed to Dr. Lamb, was presented to the Board of Directors at their last meeting held April 22nd, 1947. This is to notify you that your application was accepted and that you may forward your check in the amount of $544.76 covering your subscription at any time.

The Board of Directors instructed the writer to advise you of this action and to further notify you that they would like to have your cooperation with this office in all Pacific Hospital Association cases, particularly those that require more than ordinary care. We would like to be able to authorize all minor and major surgery and any unusual cases.

Also, you should know that we have discontinued the practice of permitting any of our cases to be referred to the Eugene Hospital. We feel that we have in our own group sufficient specialists to be able to handle all of our cases.

We are enclosing herewith a copy of our regular fee schedule which we would like to have you use when billing for our cases. If satisfactory with you, this schedule may apply on all cases after April 1st, 1947.

Very truly yours,

PACIFIC HOSPITAL ASSOCIATION

9637 February 7, 1939

Mr. Ralph G. Furrer
Field Representative
512 Dakota Street
Medford, Oregon

Dear Ralph:

Re: Robert Wilson, employe of
Medford Corporation

I am enclosing copies of letters addressed to Mr. Robert Wilson and Dr. Durno relating to Dr. Durno's bill on account of treatment for injury sustained by Mr. Wilson while working for the Medford Corporation.

If you are not familiar with the medical aid provisions of the Compensation Law, please refer to Section 49-1504. You will notice that under this section the State Industrial Accident Commission is primarily responsible for the payment of doctor and hospital bills on account of injuries sustained during employment and that the law authorizes the Commission to contract for this service. Pursuant to this provision the Commission has entered into a medical aid contract with this Association through which we become responsible for doctor and hospital bills in place of the state. Therefore, Mr. Wilson is not responsible to Dr. Durno and if he refuses to send his bill to this Association or accept payment from us, I see no relief for him.

At this time I will ask you to remain silent on the matter but at a later date I may want you to take the matter up with the employer and employe. We will await developments through Dr. Durno.

Yours very truly,

C. C. Bechtold
General Manager

EMPLOYE'S NOTICE

When you are sick or injured present this Certificate at the offices of the Southern Oregon Medical Service Association in Medford, Oregon, or to the member doctors or other parties who have been designated by the Association for the district in which you are employed. Ask your employer for names of doctors and other parties.

Southern Oregon Medical Service Association Contracts do not conflict with Workmen's Compensation, but supplement it by providing for care in cases of sickness and injuries occurring away from work, and services for injuries occuring during working hours are provided for pursuant to the Workmen's Compensation Law when a State Medical Aid Contract is in effect. The Association aims to please those under its protection and requests employes to report to its management any inattention on the part of doctors or others. The Association will be pleased to explain any features regarding its contracts or its services.

FULL COVERAGE PLAN

The FULL COVERAGE PLAN of the Southern Oregon Medical Service Association, under which this certificate is issued, entitles the employe to Medical, Surgical, Dental, Hospital and other Services of the Association by Member Physicians, Surgeons and Specialists and by Dentists, Hospitals and other parties designated by the Association, under the terms of the contract with the employer.

This Coverage provides services for acute illness and injuries and for acute phases of a number of chronic conditions and other ailments for employes working at the time the contract becomes effective, but for future employes there are certain waiting periods for some conditions otherwise included. (For full information, ask your employer or inquire of the Association.) Employes previously under Southern Oregon Medical Service Association Full Coverage Protection are given credit for the time employed under such protection next prior to present employment. New employes should advise their employers concerning such previous employment.

The benefits of the contract do not apply in cases of Insanity; Pregnancy and Female Disorders; Venereal Diseases; Conditions resulting from the use of Intoxicating Liquors, Narcotics or Drugs; Pyorrhea; Furnishing of Glasses; Corrective or Deformities; Congenital Conditions; Attempts at Suicide or to Sickness or Personal Injuries originating prior to the time an employe comes under the contract or to Personal Injuries resulting from acts of violence, or for which third persons are legally liable. Future employes are not entitled to services at the expense of the Association in cases of Tuberculosis, Cancer, Apoplexy and Paralysis, Chronic Conditions, Removal of Tonsils or Extraction of Abscessed Teeth when the condition exists at the time of entering employment or develops within six months thereafter. Hospital, Nursing and Ambulance Services are not provided for in cases subject by law to quarantine, but the expense of medical care will be provided notwithstanding. Hospital Services are limited to a period of six months in any one case. Special Nurses to thirty days in any one case, and all other services to one year in any one case, excepting when industrial accidents are otherwise covered.

Dental benefits are limited to treatment of toothache and extraction of teeth for the relief of toothache. Extraction of more than four teeth is not authorized, excepting by special permission.

The Association will not be responsible for any bills contracted or for any services obtained, excepting as provided for in the contract, and excepting in emergency cases when the Association will assume a reasonable charge for first-aid care by any legally qualified medical doctor or hospital.

DIRECTIONS TO DOCTORS

Member Physicians and Surgeons designated by the Association are hereby authorized to treat the employe whose name is written on the reverse side hereof at the expense of the Association as their authority may provide. Staff Dentists are authorized to perform necessary extraction of teeth (limit of four) only when required for the employe's immediate relief. Special work of any kind must be authorized in advance by the Association.

The Association will not be responsible for any bills contracted, or for any services obtained, without authority from the Association, excepting that in emergency cases, when the services of member doctors cannot be obtained, the Association will assume a reasonable charge for first-aid care.

SOUTHERN OREGON MEDICAL SERVICE ASSOCIATION

JACKSON COUNTY FEE SCHEDULE

Effective July 1st, 1941

IMPORTANT: this schedule applies only to cases arising from the association's "regular" or non-industrial contracts. These contracts cover only illness and non-occupational injury. In any case where the association is to be billed for cases involving injuries suffered in the course of employment the State Industrial Accident Commission Fee Schedule should be used.

• • • • • • • • • • • • • •

STAFF REGULATIONS:

BILLING: bills must be submitted on or before the 15th day of the month following the month in which service was rendered. Cases extending over more than one month should be billed monthly.

CONSULTATION: consultation is required before any major surgery, and before the reduction of any major fracture. The association reserves the right to demand consultation in any medical case extending beyond four calls or visits.

CONSULTANTS:

Surgery: any staff physician not associated in practice with the attending physician.

Fracture: Drs. Fiidley, Hayes, Kresse or H. A. Woods.

Industrial accidents: Drs. Bishop, Durno, Hayes, Inskeep, or Lemery. (see note on list of Medical Aid contracts.)

REMARKS:

For the sake of economy the association is endeavoring to operate with a minimum office personnel. Because of the considerable growth in our business during the past six

months our ability to continue this policy will depend upon the cooperation of the staff and their secretaries. A telephone call to us may straighten out any question with a minimum of confusion in your office.

Please remember that the question of whether or not an individual subscriber is entitled to treatment for any certain condition is one which must be passed upon by the Association office, subject of course, to the later scrutiny of the Executive Committee.

MISCELLANEOUS FEES

In any flat fee case, where multiple conditions are present, take the major fee plus 50 per cent of each additional fee, except in abdominal operations where the major fee only will apply.

OFFICE CASES:

A minimum fee of $4.00 will be allowed for each office case. This minimum applies to any case involving from one to five office calls. After the fifth call a fee of $1.00 per call will be allowed subject to the association's right to demand consultation. Cases involving treatment extending over long periods of time will be placed upon a weekly fee basis, the fee to be decided upon by the Executive
9647 Committee after considering the nature of the case.

• • • • •

GENERAL SURGERY

The fee for all surgical procedures includes subsequent treatments and dressings. All surgery, except in emergency, must be authorized in advance.

Oregon Physicians' Service
471 Pittock Block
Portland 5, Oregon

Att'n. Willard Marshall, General Manager

Dear Willard:

It has come to my attention that one of your subscribers located now in this area has been refused payment of Doctor and Hospital Services for what appears to be a coverable case.

The subscriber I refer to is Mrs. Bessie R. Lile who is under your coverage through the George Aker Group located at Myrtle Creek. The coverable case I refer to is for Doctor care and Hospitalization for a condition diagnosed as Sulpha Poisoning caused from the use of Nose Drops. Mrs. Lile's attending Physician's opinion and the commitments offered by Mrs. Lile indicate very definitely that her case is coverable, and I am sure that your findings in the matter will cause you to reverse your previous decision

and admit responsibility for the Doctor and Hospital Services incurred.

The operation performed on Mrs. Lile last November has certain indications of also being a coverable case in accordance to the attending physician's views and it in its self merits further investigation in determining who really is responsible for payment of the Medical, Hospital, and Doctor expenses.

I know that you will give the above your immediate attention Willard, and this person will appreciate learning that O.P.S. is going to assume the expense involved for both the above mentioned.

Kindest personal regards to you I remain

Very truly yours,

COOS BAY HOSPITAL ASSOCIATION

Manager

DALE LILLEBO
Manager

Box 389
218 Hall Building
COOS BAY, OREGON

December 23, 1946.

Mr. Joe Hicks, Manager
Klamath Medical Service Bureau,
Klamath Falls, Oregon.

Dear Joe:

I am in receipt of a statement from A. M. Compton, M. D. for professional services rendered a Gilbert Olson, C.B.H.A. subscriber in the amount of $150.00.

The case concerned is for care of shotgun wounds from November 21, 1946 to December 9, 1946. Dr. Compton billed me accordingly: "Debridgement of wounds, removal of shot palm of left hand and anterior left chest. Three calls daily, first week, daily calls thereafter."

I am merely writing this to you for your own opinion as to the statement for professional services rendered being entirely within reason.

Thanks in advance for your comments,

Very truly yours,

(Signed) DALE
Coos Bay Hospital Association

DL:gm

Plaintiff's Exhibit 2052

9658 OREGON PHYSICIANS' SERVICE

SUPERVISORY COMMITTEE FOR MULTNOMAH COUNTY

Meeting—March 8, 1948
6:30 P.M., Rose Room, Mallory Hotel

Attending: Drs. R. H. Swinney, Chairman, A. M. Boyden, C. L. Booth, G. R. McCutchan, R. H. Kaufman, H. F. Riedel and T. J. Pasquesi. Dr. S. F. Crynes was present as the Committee's guest. O.P.S. administrative personnel present: W. C. Marshall, J. E. Harvey, Jr., K. G. Manning, T. H. Hammond, C. W. Kincaid and W. A. Sundberg.

* * * * *

9659 * * * * *

A request from the Clark County Medical Service Bureau of Vancouver, Washington for assistance in determining its liability for services rendered one of its subscribers by two O.P.S. cooperating physicians, Drs. Arch W. Diack and John D. Welch was read. The Committee asked that the Clark County Bureau be advised that in its opinion the case was of a serious nature involving two separate conditions, one medical and one surgical; and that had the problem arisen under Oregon Physicians' Service the Committee would have authorized payment of fees to both attending physicians.

Discussions with Dr. Frank Perlman, representing Drs. Benson and Perlman, Allergists, concerning participation in O.P.S. were reported. The Committee authorized management to proceed with negotiations as outlined and to invite Drs. Benson and Perlman to participate as consulting specialists in allergy, taking only such O.P.S. cases as were referred to them by other O.P.S. cooperating physicians.

A letter from Dr. Thomas S. Saunders representing the Dermatologists practicing in the Portland area was read to the effect that the $7.50 fee for superficial x-ray therapy as contained in the new O.P.S. fee schedule was excessive in comparison with charges to private patients. The Dermatologists recommended a fee of $5.00 for this procedure.

Inasmuch as cooperating Radiologists also administer this type of treatment the Committee asked Dr. C. L. Booth to discuss the matter with both groups and to report to the Committee at its next regular meeting.

• • • • •

9660 Claims:

• • • • •

2. Mr. Neil Bennett Drs. Johnsrud and Fitzgibbon

The Committee adjusted Dr. Fitzgibbon's bill for care of his patient by deleting charges for hospital calls from September 1, 1947 through September 16, 1947. This action follows the Committee's ruling that ordinary aftercare is included in the flat fee paid the surgeon.
